

**LEAD & COPPER RULE MONITORING AND REPORTING VIOLATION
MANDATORY LANGUAGE - TIER III**

IMPORTANT INFORMATION ABOUT YOUR DRINKING WATER

Midland International Airport has violated the monitoring and reporting requirements set by Texas Commission on Environmental Quality (TCEQ) in Chapter 30, Section 290, Subchapter F. Even though these were not emergencies, as our customers, you have the right to know what happened and what we are doing (or did) to correct these situations.

*We are required to monitor your drinking water for specific contaminants on a regular basis. Results of regular monitoring are an indicator of whether or not our drinking water meets health standards. During [JANUARY 2015-DECEMBER 2015] we did not monitor or test for **LEAD & COPPER** and therefore cannot be sure of the quality of your drinking water during that time.*

The table below lists the contaminant(s) we did not properly test for during the last year, how often we are supposed to sample for [these contaminants], how many samples we are supposed to take, how many samples we took, when samples should have been taken, and the date on which the follow-up samples were [or will be] taken.

Contaminant	Required sampling frequency	Number of samples taken	When samples should have been taken	When samples were or will be taken
Lead & Copper tap water sampling (example)	10 samples every One (1) year	0	June 1 – Sept 30, 2015	June 1 – Sept 30, 2016

What is being done?

We are working to correct the problem. For more information, please contact RAYMOND SADDLER at (432) 681-7606 or rsaddler@midlandtexas.gov.

The City Of Midland International airport will conduct Lead & Copper testing Annually as per the TCEQ guidelines. Accelerated testing will continue until compliance is achieved with TCEQ rules and the Lead & Copper results indicate that reduced monitoring is achievable by the Water system

Please share this information with all other people who drink this water, especially those who may not have received this notice directly (i.e., people in apartments, nursing homes, schools, and businesses). You can do this by posting this notice in a public place or distributing copies by hand or mail.

This notice is being sent to you by **MIDLAND INTERNATIONAL AIRPORT**. Public Water System Number: **TX1650002**
