Policies and Procedures

The following permit is valid for 180 days (6 months) from the printed date.

Traffic plans are approved separately. The contractor that will be physically responsible for the traffic control on site must contact Troy Clabaugh at tclabaugh@midlandtexas.gov to submit the proposed work dates and 24-hour contact information.

If you are requesting a 911 address, please contact the Planning Division at planningdept@midlandtexas.gov and provide the coordinates along with a site plan/location map of the small cell tower.
